## PRESENTS

### 40-HOUR JUVENILE SPECIALIST PROGRAM– TEST DATE

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youth and society as a whole, by investigating criminal acts for findings of "delinquency and in supporting youths in growing out of adolescence" without experiencing the stigma of police involvement.

This online, web-based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly-assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Officers who take this web-based course and pass the examination given at the end of the mandatory review session will be Illinois state-certified Juvenile Officers - just as if they had attended a traditional classroom training course.

To gain access to the web-based program, departments must have purchased the program through NEMRT. Individual officers will then be able to log in and review the course materials online through the NEMRT website (<https://www.nemrt.com>).

The review session is conducted by an instructor prior to administering the test.

**OFFICERS MUST HAVE VIEWED THE ONLINE COURSE CONTENT PRIOR TO THE REVIEW/TEST DATE.** Officers must attend the mandatory review/test date to receive certification. If your officer has not completed the online portion seven days prior to their registered review/test date, please contact MTTU IV. Failing to do so will result in a billing of \$75.00.
