PRESENTS

ADVANCED CRIME SCENE INVESTIGATIONS (32 HOURS)

COURSE DESCRIPTION:

This four-day (32-hour) Advanced Crime Scene Investigations course is designed for crime scene investigators, technicians, and detectives who have a moderate level of experience working in the field of crime scene investigations.

Topics:

Day 1:

Students will learn the scientific underpinnings of presumptive and confirmatory tests for blood, semen, and saliva. Students will learn how to better explain the reactions while testifying in a court of law (lecture and hands-on).

Day 2:

Building on the skills they learned on day one, students will learn about processing major sexual assault crime scenes, including scenes from prolonged/consistent sexual abuse.

Students will learn how to systematically search and process evidence for the presence of seminal fluid with the goal of selecting the best stains for laboratory DNA analysis and streamlining the evidence submission process (lecture and hands-on).

Day 3:

Students will learn how to prepare for mass fatality scenes (including homicides of multiple persons/mass shootings). Case presentations from mass shootings will be reviewed, and the students will review how to assemble a supply kit for mass fatality scenes (lecture).

Day 4:

Students will incorporate the skills they learned all week into a series of mock scenes involving blood testing, sexual assault table top exercise and officer involved shooting incident mock scene.
