MENTAL HEALTH SUBSTANCE USE & CRISIS CONFERENCE

Keynote Speaker
Ernie Stevens

<https://ernieandjoethefilm.com/>

FRIDAY JULY 26th

8am to 4 pm

Augustana College, Gerber Center

3435 - 9 1/2 Ave, Rock Island

Emergency services personnel hold a crucial role in their interactions with community members, particularly when addressing individuals with mental health, substance use, and dementia illnesses. This 8-hour course aims to equip EMS with the potential encounters officers may have with these individuals, their families, and caregivers. By enhancing awareness of mental health and substance use conditions, EMS can better navigate situations involving vulnerable individuals within their communities.

Submitted for ILETSB :
6 hours Crisis Intervention
1 hour Officer Wellness

Approved credits for:
EMS, Nursing and ILETSB credits
